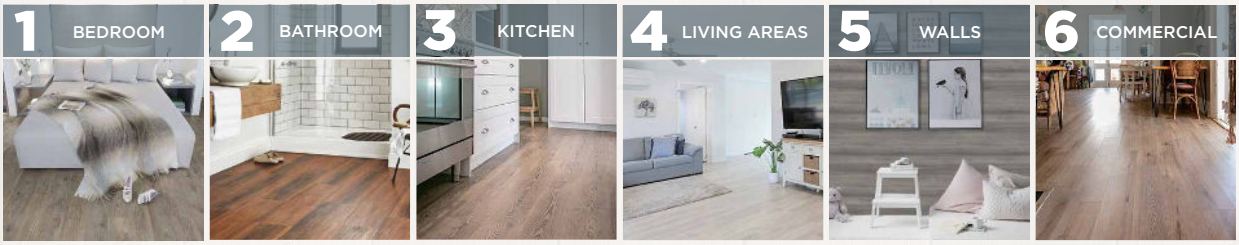
APPLICATIONS

FLOOR BOARDS
to love and live on

TIER™ is designed for versatility as well as durability. TIER™ can be applied to any room in your house or commercial space. Let the good looking, low-maintenance and high-performance features of TIER™ enhance the appeal of your home or business.



CLICK SYSTEM PROFILE

TIER™ flooring is made from a reliable and rigid Stone Plastic Composite (SPC) core for added strength and longevity. The core layer is an innovative material which can be machined to exact standards, making for easy installation. The result is robust edges which will not wear away against each other or deform over time.

EASY INSTALLATION

Installing TIER™ slip groove flooring is quick and easy thanks to the simplified click installation system that creates a watertight, seamless finish. For details, visit the website www.tierflooring.com and download the care and installation guides.

TIER™ flooring is expertly engineered to elevate the functionality and aesthetics of your indoor space. With TIER™, your flooring can be both practical and elegant.

TIER™ is available in convenient tongue-and-groove “click” profiles. The click system TIER™ profile allows you to easily slide and click boards into one another to create a secure, continuous installation surface. This rigid, floating system allows for quick and easy installation and comes standard with a pre-applied IXPE underlay backing.

COLOURS AND STYLES

TIER™ flooring is designed to be beautiful and livable. TIER™ is available in a neat range of colours that embody the natural look of wooden and restored wood flooring, without the upkeep hassles or environmental strain. They're engineered to outlast, and tastefully compliment the functionality of your home. Choose the style and colour that make your floors a standout feature.
