CUT COST, NOT QUALITY

Infinity IS combines all the benefits of durable Infinity composite with the advantages of I-Series to give you a durable co-extruded composite offering low maintenance, and an advanced resilient polymer cap for protection against scratches, fading, moisture issues, decay, and weather, as well as stain and slip resistance. With Infinity IS specialised streaked colour variation technology you can enjoy the look of timber in an environmentally friendly composite deck. The revolutionary I-beam design creates a cost-effective, lightweight board that uses less material, yet maintains span capabilities, strength, and stiffness for a more efficient installation. This improved environmentally friendly composite is holistically sustainable from its manufacturing to its use of raw material.

PRODUCT COMPOSITION

I-Series offers a cost-effective, lightweight decking option thanks to its revolutionary shape which uses less material but maintains class-leading strength, stiffness, and span capability.

(P) PATENTED TECHNOLOGY

Capping material:
Engineered polymer

Core material:
Bamboo PE composite

COST-EFFECTIVE

Smart shape saves on transport & installation

LIGHTWEIGHT

I-beam design is lighter by using less material

SPAN

Span capability of heavier boards

INSTALLATION

Easier and more efficient installation

TAKE HOME THE BENEFITS

Infinity

ULTIMATE DURABILITY

One of the toughest
co-extruded composites

PROTECTIVE CAP

Fade, scratch, & stain resistant
capping technology

LOW-MAINTENANCE

Only basic care required for
optimal longevity

DECAY RESISTANT

Resists insects, moisture, & weather

STAIN RESISTANT

Built-in protection against stains

SLIP RESISTANT

Reliable anti-slip protection

NATURAL LOOK

Specialised streaked
colour technology

ECO-FRIENDLY

Sustainable manufacturing &
use of raw material

LIGHTWEIGHT, CAPPED COMPOSITE DECKING

SCULPTED GRAIN

GROOVED BOARD

The Infinity IS single sided grooved board installs efficiently and securely with HULK hidden fastener clips which slot into the grooves along the edges of the board and create a neat uninterrupted final look.

Dimensions	135 x 25.4 mm (5,45m lengths)
Weight	2.84 kg / m
Recommended Joist spacing	Up to 450 mm on centres

Grooved board

Fasteners

Compatible with S-Series clip

Compatible with Chain collated clips

SCULPTED GRAIN

STARTER BOARD

The Infinity IS single sided starter deck board offers one grooved edge and one solid edge, making it perfect for deck perimeters, picture framing decks, and creating stair edges. It fastens with a combination of HULK hidden fasteners and colour matched HULK composite decking screws.

Dimensions	135 x 25.4 mm (5,45m lengths)
Weight	2.7 kg / m
Recommended Joist spacing	Up to 450 mm on centres

Starter board

Fasteners

Compatible with S-Series clip

Compatible with Chain collated clips

Uses HULK composite top fixing screws on non-grooved edges

Installation Guide

INFINITY FINISH & COLOUR GUIDE

Infinity composite offers incredibly natural-looking colours thanks to its advanced colour technology which gives each board unique colour variation to embody the essence of timber. Enjoy the beauty of wood with the benefits of composite.

SURFACE FINISH

Sculpted Grain Finish

CARIBBEAN CORAL

CONCRETE GREY

OASIS PALM

SPANISH SAFFRON

Infinity IS is produced with random colour variations within the product to mimic that of natural timber. So in any colour, you will get a variety of lighter and darker tones just as nature intended. This only adds to the aesthetic appeal of your composite decking.

DESIGNED FOR PROFESSIONALS. PERFECT FOR NOVICES.

Eva-Last has developed a range of fasteners that thoroughly complement our composite products to ensure the stability and longevity of your deck. HULK fasteners are specially designed to securely fasten the deck boards to a substructure, but can also be used in other wood or steel fixing applications. The coating employed for our HULK fasteners ensures the fixing system supports your deck through out its lifespan.

HULK FASTENERS				
Image	Colour	Bits	Material	Units
 HIDDEN CLIP (S9)	Black	N/A	Stainless steel 430	125 & 350 Approx coverage (90 x 23 mm): 30 per m² (140 x 23 mm): 18 per m²
 SCREW FOR TIMBER	Black	1HTX (II)	Stainless steel 305	
 SCREW FOR METAL	Black	1HTX (II)	Stainless steel 410	

HULK FASTENERS HIDDEN CLIPS

HULK fasteners were created to ensure Eva-Last decking products would have an equally durable and long lasting fastener solution. Given the 25 to 30-year warranty Eva-Last decking offers, an equally reliable fastener was necessary to create a complete decking package. It had to be able to stand up to the toughest of weather conditions gracefully and sustainably.

chain

Collated decking clip

A PRODUCT BY **HULK FASTENERS.**

GET THE JOB DONE FASTER.

Chain collated clips save you time and money by streamlining installation with pre-loaded screws that offer cutting-edge performance for the entire lifespan of your deck. Enjoy a simpler installation and a more secure long-term fastener that complements the overall look of your deck.

FEATURES AND BENEFITS

MORE EFFICIENT INSTALLATION

Collated system comes pre-loaded with screws for quicker installation

DURABLE

Stainless steel clip with a protective polymer coating for extended outdoor longevity

INNOVATIVE ENGINEERING

Cost-effective use of materials without affecting grip strength or overall clip performance

UNIVERSAL APPLICATION

Works with timber & composite boards of variable thickness & groove depths

STRENGTH IN SIZE

Proven strength in uplift holding power & preventing lateral movement of boards

EASIER POST-INSTALLATION ACCESS

More convenient post-installation board removal with direct overhead fastener access

CHAIN COLLATED CLIPS

Chain collated clips offer a smarter solution for creating an outdoor decking oasis. Each clip is pre-loaded with either a timber or metal frame screw for ease of installation. Like all Eva-Last products, Chain collated clips are built on the principle of longevity. The durable and high quality materials of Chain collated clips, make installations more efficient and longer lasting, for both professionals and novices alike.

Chain collated clip preloaded with Timber Screws

Chain collated clip preloaded with Metal Screws

CHAIN HAND TOOL

The Chain hand tool adds value to the Chain collated clip system by maximising installation efficiency. The hand tool creates precise fastening thanks to its built-in depth control system that eliminates installation errors and weak connections. The hand tool is compatible with a wide range of composite and timber board sizes, ergonomically designed for ease of use, and made from high quality materials for long-lasting reliability.

LOW ENVIRONMENTAL IMPACT

Holistically sustainable manufacturing & use of raw materials

CHOOSE SUSTAINABLE DECKING

RENEWABLE RESOURCES & RENEWABLE ENERGY.

We believe that how we manufacture is just as important as what we manufacture when it comes to going green. That's why we've traded in fossil fuels for renewable energy. Our products are now manufactured using solar power. We are fully committed to bringing you a product that's holistically eco-conscious.

Eva-Last is internationally recognised for our commitment to the environment. We're proud of the work we do to promote environmental sustainability, and invite you to choose timber alternatives that are gentle on the Earth.

- Made from recycled materials
- No trees felled
- No further treatment or toxic chemicals required
- Made using solar energy
- Reduced impact on landfills (Recyclable at the end of life)
- Reduced carbon footprint
