## REAL WOOD REPLICATED IN A REINFORCED PVC COMPOSITE

The Pioneer range is advancing composite aesthetics with high-resolution digital scanning which replicates real timbers for an exceptionally natural look and brings a touch of affordable luxury to your outdoor space. By offering the authentic look of timber through scans rather than felling real trees, Pioneer helps prevent deforestation and the possible extinction of these wood species. A foamed-PVC and glass fiber-reinforced core provides increased strength and span capability and reduces expansion and contraction of the PVC. Its advanced wear layer protects against fading, scratches, and stains while its long-lasting composition resists insects, moisture, and weather-related issues. Enjoy the look of expensive exotic timber in long-lasting and low-maintenance composite.

## PRODUCT COMPOSITION

# Pioneer

Pioneer offers a reinforced core and a photorealistic print surface finish with a clear outer wear layer which provides extra protection for the colour and resiliency of the board.

### Capping material:

Print surface finish with protective wear layer

### Core material:

Foamed-PVC with glass fiber-reinforced core

**GFR** | GLASS FIBER REINFORCED

FSC® certified composite product

## TAKE HOME THE BENEFITS

### REALISTIC AESTHETIC

Advanced digital scan replication of real wood for an exceptionally natural look

### ECO-FRIENDLY

Prevents deforestation by capturing the beauty of real timbers without felling

### AFFORDABLE LUXURY

Enjoy the look of expensive real woods in long-lasting composite

### INCREASED SPAN

Reinforced for improved strength & span capability

### MORE STABLE

Less movement from expansion & contraction

### WEAR LAYER

Wear layer offers protection against stains, scratches and fading

### DECAY RESISTANT

Long-lasting & resists insects, moisture, & weather

### LOW-MAINTENANCE

Only basic care required for optimal longevity

## REAL WOOD REPLICATED IN A REINFORCED PVC COMPOSITE

**145 x 21 mm**  
Grooved both sides

**GFR** | GLASS FIBER REINFORCED

### GROOVED BOARD

The Pioneer wide single sided grooved board is available in a wider, thinner, and lighter profile design. It is reinforced and offers a flawless, fastener-free final look due to grooves along its edges which are designed for streamlined installation using HULK hidden fastener clips, available as S-Series clips or as Chain collated clips.

Dimensions	145 x 21 mm (5.45 m lengths)
Weight	2.2 kg/m
Recommended Joist spacing	450 mm centre to centre* <i>*Please refer to the technical documents for more information on spans and loads.</i>

#### Grooved board

#### Fasteners

Compatible with Chain collated clips

### STARTER BOARD

The Pioneer wide single sided starter board is lighter weight and ideal for creating a picture frame effect for decks and for use on stairs edges. It simplifies installation by accommodating grooved boards while offering a solid square outside edge. Install using HULK hidden fastener clips on the grooved edge and HULK colour matching top fixing screws on the square edge.

Dimensions	145 x 21 mm (5.45 m lengths)
Weight	2.6 kg/m
Recommended Joist spacing	450 mm centre to centre* <i>*Please refer to the technical documents for more information on spans and loads.</i>

## COLOUR GUIDE

The Pioneer colour range celebrates the beauty of timber with exceptionally natural looking composite. Pioneer offers state-of-the-art high-resolution digital print technology and scans of real timber to give each board an un-repeated realistic wood grain texture. This technology mirrors the hues and tones of specific timber types.

## LOW ENVIRONMENTAL IMPACT

Holistically sustainable manufacturing & use of raw materials

# CHOOSE SUSTAINABLE BUILDING MATERIALS

## RENEWABLE RESOURCES & RENEWABLE ENERGY

We believe that how we manufacture is just as important as what we manufacture when it comes to going green. That's why we've traded in fossil fuels for renewable energy. Our products use solar power as part of our manufacturing process. We are fully committed to bringing you a product that's holistically sustainable.

Eva-Last is internationally recognised for our commitment to the environment. We're proud of the work we do to promote environmental sustainability, and invite you to choose timber alternatives that are gentle on the Earth.
